Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Petrilli teaches a quick deployment triangular foldable tent with an open bottom housed in a protective pouch. Huddle (US Pat 4,036,244) discloses a shelter with a half cylindrical main body and $\frac{1}{4}$ spherical ends and Gupta (US Pat 6,672,323) discloses a foldable tent with an oval floor. It seems that the combination of Petrilli (US Pat 5,921,388) in view of Huddle and Gupta cannot be made because modifying the ends of Petrilli with the support ribs and cables (creating the $\frac{1}{4}$ spherical ends) of Huddle would seemingly destroy the Petrilli tent's ability to fold into a protective pouch. Similarly, it seems that modifying Petrilli with Huddle and Gupta, teaching a tent with an oval shaped floor, would still lack a teaching of an opening in the oval floor. Therefore, the combination of references discussed above does not teach the limitations, either alone or in combination, as set forth in claim 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
